WINE MAKING

Grape bunches are hand-sorted on a vibrating table and softly pressed in a nitrogen inert environment with yield in free-run must of 55%. This process is "100% screw conveyor free" to handle grapes as gently as possible. The must is fermented in stainless steel vats at controlled temperature and kept 6 months on lees with bâtonnage.

FOAM FORMATION

Is carried out according to the traditional method of fermentation in the bottle, with aging on lees for at least 36 months. The liqueur d'expédition added after disgorgement is made following our secret recipe including reserve wines and sugar (6 g/L). We proudly avoid any spirits in our dosage.

VINTAGE 2020

The vintage began with a mild winter followed by the months of March and April marked by fine weather and little rainfall. The rainy days of May and June caused a slowdown in plant growth. The situation was later normalized. The harvest started on August 21 with Alta Langa. Barbera and Nebbiolo ripening has slowed down but it has been taken up in the second half of September. Especially Nebbiolo grapes were harvested in optimal conditions. The 2020 vintage can be said to be extremely good with intense and elegant aromas and with well-balanced wines.

THE DIFFERENCE IS

Oudeis derives from the Greek "Odysseus" and means no one. In fact, no one is at the origin of the wine complexity; only the terroir has this ability. Enrico Serafino recalls it in this name. This wine is the result of Alta Langa's terroir complexity and long-lasting fermentation, meanwhile, remaining easily approachable and very enjoyable. Oudeis Brut: Alta Langa as pure emotion.
